

Epson

Mobilink™

Wireless Printer

- 8-hour battery life
- Compact size and attractive styling
- Ruggedized design for harsh environments
- High-speed thermal receipt and continuous stock label printing
- Autocutter and drop-in paper loading
- Supports 802.11b wireless protocol and soon to be released Bluetooth™ wireless protocol
- Print width up to 54mm
- Non-volatile memory to store logos and print clean receipt
- Belt clip and shoulder strap for maximum mobility

Get all the great features of Epson's best-selling TM-T88 series in the compact and cost-effective Mobilink wireless printer.

Built with Epson's famous quality and reliability, the Mobilink is designed to meet the needs of both retail and hospitality for high-speed, on-the-go thermal receipt printing.

Great features go mobile

Whether you need a printer for a sidewalk sale, patio dining or kitchens where wiring can be expensive, Epson's compact Mobilink wireless printer comes with all the features you need. Built on the leading TM-T88 hospitality series, the Mobilink printer offers clear, crisp high-speed thermal printing, auto-cutter, drop-in paper loading and a ruggedized design that resists dust and water to ensure reliability in even the harshest environments.

Best-in-class battery life

Unlike other wireless printers with an average battery life of 2-3 hours, the Mobilink features an industry-leading 8-hour battery life—long enough for a full shift. And with Mobilink you can have your choice of multiple wireless interfaces including 802.11b and, in the near future, Bluetooth for fast and easy integration.

Compatible and ready to go

Epson's Mobilink wireless printer is compatible with today's best-of-breed and component-based POS systems and industry-standard wireless security protocols. And the printer comes complete with ESC/POS®, OPOS and JPOS drivers which means your current applications are instantly compatible, including applications written for Epson's TM-T88 series.

Cost-effective and easy to use

The Mobilink comes with all the required integration tools you need to easily configure the printer on site without the need for a specialized technician. And the Mobilink uses industry-standard compact flash format wireless cards so it is easy to upgrade when a new wireless format is available.

Accessories available

Additional accessories are available including strap and belt clip carriers, multiple-battery chargers and more.
